

Mountain Development Weekend

29th – 31st October 2021: For Seniors (boys only) *

Tyle Morgrug Bunkhouse: Hirwaun:
Southern Edge of the Brecon Beacons

Organised by the Boys Brigade Mountaineering Club

The Mountain Development Weekend is being run by the BBMC to help Coys that want to develop their Seniors through the context of outdoor adventure. Although especially relevant to any seeking DofE training etc. the real opportunity is for meaningful life changing conversations while walking, training and cooking meals etc. Hence Seniors need to be accompanied by a leader/s from their Coy.

Programme

- Fri: Arrive from 4pm. Navigation training & night-time walk depending upon arrival time.
- Sat: Further training and a 9-mile walk to the lakes at Llyn y Fan Fawr. (However, we may decide to stay local to the bunkhouse & do a local walk). Big Film in the evening.
- Sun: from the bunkhouse a 10-mile walk around the famous waterfalls around the Ystradfellte valleys. Departure c.5pm. However, this programme is flexible.
- Devotions will be given at various points.

Cost

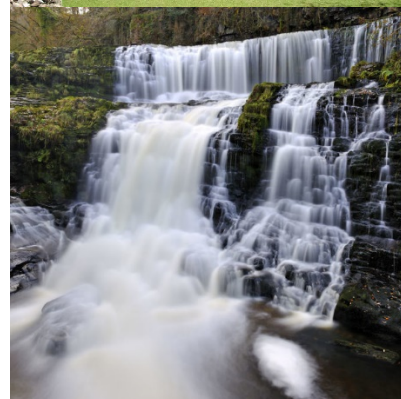

- £25pp (including leaders) for accommodation & food.
- Coy's need to sort their own transport.

Accommodation & equipment

- In a very well equipped 3-star bunkhouse. Bunk beds with (very firm) mattresses. Need to bring sleeping bag, pillow.
- Suitable waterproofs and footwear are a must. Full packing list will be provided. Maps will be provided.
- *Unfortunately, the bunkhouse doesn't have enough rooms to provide suitable sleeping arrangements for girls & female leaders. We'd be delighted to organise a separate w/e if there is interest, so please let me know.
- Max number: c 25

Your Responsibility

- The leader/s from each Coy is responsible for their young people at all times. We suggest a ratio of 1 to 4. We ask that you only invite Seniors with the appropriate fitness levels & attitude for such a w/e.
- The BBMC will provide BB leaders with the appropriate O&EL, Residential & Outdoor First Aid qualifications & experience to run the w/e.
- Cooking etc will be shared across all who come.
